F-35 Desk-Top Trainer

The F-35 Desk-Top Trainer (DTT) replicates the JSF main instrument panel and Primary Display Unit (PDU).

The F-35 DTT includes JSF HOTAS controllers, three simulated panels (Jettison, Landing Gear, and Pitch Override), 22" LCD heads down touch screen, heads up flat panel display, a hi-performance PC, Prepar3D flight simulation software, and our proprietary F-35Glass display software.
